Q20 - What specific suggestions do you have for improving the course or the way it is taught?

Response Rate: 58.33% (7 of 12)

1	Time spread more evenly between projects
2	More time to work on papers and projects.
3	Longer time to complete bigger assignments.
4	Less time on the digital literacy narrative and professional email and more on the last two projects.
5	I think having the Annotated Bibliography come after the Research Report would have been beneficial to my paper specifically, though I can see why it's done the other way currently. But my paper really formed together differently than how I thought it would turn out when I was writing the Annotated Bib.
6	I enjoy how the class is discussion based; it makes everyone feel that their opinion and voice matter.
7	I don't really have any, everything was always clear and if I didn't understand Mr. Hunter always was happy to explain

Q35 - What is something that the professor does well (that is, something you hope that the professor will continue to do in the class in the future)?	
Faculty:	Lucas Hunter
Response Rate:	83.33% (10 of 12)
1	Throughout the semester, he has always been super approachable. I never once felt I couldn't talk to him about anything. He makes class fun and relatable while simultaneously guiding our writing in a way that doesn't make us feel bad about our skills. Because of his amicable personality, I would definitely recommend his class to students in the future, given his teaching style remains the same.
2	Notes on the papers, that help me learn from my mistakes.
3	Mr. Hunter always was happy to explain every assignment, and take any question. He made the class super fun and interesting. He always addressed the students as his friends, and made sure we knew that he cared about our mental and academic well being. He is the only professor who asks me about my day or even knows my name. He gives valuable feedback and has definitely made me a better writer. He pushed the class to do better while also making sure we knew we were supported. Everything was super transparent and I always felt safe and encouraged to share my thoughts or ideas. This class has been fun for me and the main reason was because of Mr.Hunter. Something Mr.Hunter did well was his job. He did more than just his job and I am thankful he was my professor and I had the opportunity to be in his class. I'm going to miss it, and his basketball or poetry references :)
4	I really like how he tries to relate to the students, and we always know he's there when we need him.
5	Hunter was able to make every student understand the potential they had within writing, and no matter what skill level helped explain how they could still further improve in a positive manner.
6	He really cares about how his students are doing and he cares about their success in the class.
7	He is really good at giving good feedback on papers.
8	He is great at explaining topics in an interesting way and has a unique way of explaining topics that make it much more enjoyable. Overall a very great person and amazing instructor. He cares a lot about the students and their well being and has helped me when i was dealing with some hard times, Overall the best instructor I have ever had. 11/10 rating.
9	He includes everybody in the class and makes them feel welcome.
10	Favorite Teacher Ive had this semester. Funny, Effective, and all around great instructor
